

# Waidr Electric Tricycle Industrial Vacuum Cleaner

## Technical Parameter

Model	SLD-950
Voltage (V)	48
Battery capacity(AH)	100
Power (KW)	3.0
Airflow (m3/h)	580
Vacuum (mbar)	190
Noise level (dB)	67
Filter area (cm2)	27000
Barrel capacity (L)	50
Battery type	Lead-acid
Inlet (mm)	40
Filter type	Toray coated HEPA filter
Machine weight (kg)	325
Machine size (mm)	1796*754*1441

## Features

1. Equipped with the simplest and safest operating system and uses a DC starting motor. With overheating, overload, leakage protection.
2. Equipped with the driver chip brushless motor, completely oil-free, water-free compression, maintenance-free, bearing with external design, the fan can withstand the temperature of up to 90 degrees.
3. The filter system adopts the filter cartridge design, and the dust collection filter can reach 99.9995%. With dual protection design, the filter is always clean and unobstructed, and the suction keeps no change.
4. Equipped with manual cleaning device, light and convenient cleaning filter.
5. The upper and lower bucket separation structure, fast and convenient to dump waste, for wet and dry use .
6. It only takes 6.5 hours for full charge and can continuously work for 3 hours.

## Working Environment

- ◇ Working area: Places where power is not convenient such as warehouses, large factories, hardware workshops, etc.
- ◇ Suitable for vacuuming : Dust particles, metal scraps, metal slag, metal particles, sand, stone, etc.

## Accessories

		
<p>Toray coated HEPA filter</p>		
	<p>40mm Anti-static hose</p>	<p>40mm Dry brush</p>
	<p>40mm S-extension tube</p>	<p>40mm Flat Nozzle</p>

## APPLICATION
